

*Rainbow with Kids*  
**Angela J.**

I live in an Arc Supervised Community Living Home with the Arc of Jefferson County with two other individuals. I work at the Work Activity Center at the Tom Leonard Center in Hoover. I love doing a variety of things such as socializing with friends, reading, writing, shopping, swimming, walking, bowling, going to church on a regular basis, playing cards games, and playing bingo especially. I also like playing basketball and volleyball. I enjoys listening to music during my free time, particularly Christmas music, country and the blues.

The reason I created my masterpiece is I enjoy looking at rainbows and being around children. The picture shows the kids over the rainbow. There are 13 kids in the painting and they are jumping off the diving board and swimming in the water.
