

SpectraCare Health Systems, Inc. and SARHA Partner

Published 07/11 2016 03:17PM Updated 07/11 2016 03:17PM SpectraCare Health Systems, Inc. and Southeast Alabama Rural Health Associates (SARHA) are joining together to offer increased convenience to patients throughout Henry County. Beginning July 11, 2016, patients in need of mental health services may see a mental health professional at the Abbeville Family Health Center located at 615 Ozark Road in Abbeville. This partnership comes at a time when both access and quality of overall care is vital to patients. Together, SpectraCare and SARHA, will continue to deliver convenient, quality health care services. This partnership is another opportunity for both SARHA and SpectraCare to promote optimal overall health. Appointments are now being accepted and can be made by calling 1-800-951-4357.

SpectraCare Health Systems, Inc. serves thousands of individuals annually throughout Southeast Alabama. With a comprehensive continuum of care that includes approximately 55 programs, SpectraCare is able to help people through Developmental Disability Services, Mental Health Services, Substance Abuse Services, and Community Outreach Programs. At SpectraCare Health Systems, "Caring is Our Calling". Likewise, SARHA exists to provide quality, culturally competent primary and preventive health services to all residents of Southeast Alabama without regard to their ability to pay. SARHA has 10 service locations throughout the Southeast portion of the state dedicated to assisting individuals in need. Together, SpectraCare and SARHA, are encouraging wellness among individuals, communities, and families.
