

SPOTLIGHT ON YOU!

Drug Education Council

3000 Television Avenue—Mobile, AL 36606—251-478-7855

Being in tune with your community, means being with your community. When you are with your community, you must listen to your community. When you listen to your community...you must hear what they say! Drug Education Council continuously provides opportunities for parents, youth and other members of surrounding communities to express their thoughts and concerns and ask questions about **IMPORTANT ISSUES INVOLVING OUR YOUTH....underage drinking, substance abuse, marijuana, spice, prescription medications and other dangers for YOUTH.**
